Transforming Design and Construction

How Do I Get Started?

CREATE YOUR FREE MYLCI ACCOUNT!

Step 1: Go to [MyLCI Portal](#)

Step 2: Click “Create a new account”

Step 3: Use your corporate email to register

Step 4: Follow the confirmation steps to activate your account

WHAT'S INCLUDED WITH MY MEMBERSHIP?

Access your available resources in the [LCI Member Hub](#).

Not Sure Where to Start?

Here are some of the most popular member-exclusive resources available in the hub:

eLEARNING

LCI eLearning offers small batch learning, enhancing retention and catering to diverse learning styles through personalized instruction.

WEBINAR RECORDINGS

LCI offers webinars on a variety of Lean principles conducted by LCI instructors and industry experts with real-life case studies and examples.

EMBARK ON YOUR LEAN LEARNING JOURNEY

LCI's learning pathway is designed to curate the resources that will help you propel your skillset forward.

LCI Events

LCI CONGRESS

Congress is the ultimate event for Lean learning and collaboration, hosted annually in October. Owners, the design community, general contractors, trade partners, and other Lean professionals gather to build on ideas and practices and to drive Lean practices forward.

LCI LEAN IN DESIGN FORUM

Design Forum is an annual event for industry professionals committed to advancing Lean practices in design, architecture, engineering, and construction. Each spring, we explore how Lean methods streamline designers' workflows, enhance creativity, contribute to cost-control, and drive innovation across all phases of design.

COMMUNITIES OF PRACTICE

LCI nationally supported Communities of Practice (CoPs) offer opportunities to connect locally, participate in education courses and workshops, hear from local Lean project teams, attend Gemba walks, and more.
