LCl’s Mission

We serve as a catalyst for transforming the design and construction industry to deliver value using lean principles and practices.
LCI LA CoP’s Objective

To educate, train, communicate and advance current Lean knowledge in Planning, Design and Construction Principals.
Diversity

How many of you are attending for 1\textsuperscript{st} time? 2\textsuperscript{nd} time?

How many of you are Owners, Contractors, Architects, Consultants, Trade Partners, Suppliers?
Think of your most common constraint
LEAN THINKING

How were the constraints handled traditionally?

How could LEAN PRACTICES have minimized it?
